Aims

We aim to:

- Recognise that all children are different and aim to identify how best to support each child and family.
- Value the contributions that all children and their families can bring.
- Actively promote anti-discriminatory practice to build an inclusive environment where every child can fulfil their potential.
- Continually reflect on our practice and increase our knowledge around equalities issues.
- Provide an inclusive environment recognising that as individuals, children, and adults alike all require some form of support. However, we recognise that for some this may be specific and sometimes require the help of outside agencies.
- Adhere to relevant legislation to ensure equality in the service we provide

Admissions

- Our nursery is open to all members of the community.
- We advertise our services widely and aim for the families that use our setting to reflect the cultural diversity of our community.

- We base our admissions policy on a fair system; we never discriminate against a child or their family, or prevent entry to our setting, on the basis of race, religion, home language, family background, gender or disability and/or learning difficulty.
- We gather full and accurate information about all children before they start to ensure that we can meet their needs to the best of our ability.

Environment and Resources

- We aim to provide a secure environment in which all children can flourish and in which all contributions are valued.
- We provide resources that give a balanced view of the world and an appreciation of the rich diversity of our society.
- We encourage children through play equipment and activities that explore, acknowledge and value similarities and differences between themselves and others.
- Our physical resources take into account children's size, height and physical needs, e.g. we have child-sized tables and chairs and sinks at their level.
- We use visual timetables and words from different languages to support children's communication, including children with English as an additional language (EAL).
- We work with professionals from outside agencies to provide a multi-agency network of support for children and their families e.g. Early Years Consultants (EYC), Speech and Language Therapists and local and community health services, to ensure that the best care and learning opportunities are available for individual children.
